

## New Educational Assistant for Pedro

Since our last update a couple of months ago, many of you have been asking about Pedro, and how we are making out in the search for an educational assistant for him. We actually received a number of different applications for the position, and we are delighted to let you know that God has provided just the right person!

Christa Holten is a young woman who was born and raised in Calgary. For a number of years she has been working in the film industry in Alberta, but also has a great interest in missions. She has previously been on a CBM short-term missions trip to Kenya, and travelled as well through Australia and southeast Asia.

She will be coming to Bolivia in August in time for the new term to begin at Carachipampa School, and will be working with Pedro and his teacher at the school through this next year.

Christa in Kenya

We are so grateful that God has provided the right person to help Pedro in his studies. If any of you would like to support Christa as she goes to Bolivia, you can designate your gift as “McBeth - EA project” or “Christa Holten – STM account S3474”. We appreciate your prayers for her as she begins this new venture in her life.

## Meanwhile...

We returned to Canada in early June so that Jim could attend the Team Leader meetings at CBM, and the CBOQ assembly in Toronto. We are also speaking at about 12 of our partner churches in Ontario during the summer, and also taking some vacation time to be with family and friends here in Canada.

Here is the our speaking schedule while we are in Canada:

|         |                              |           |                      |
|---------|------------------------------|-----------|----------------------|
| June 6  | Forest Baptist               | July 11   | Wentworth, Hamilton  |
| June 11 | CBOQ Assembly, Toronto       | July 18   | Inniswood, Barrie    |
| June 15 | Immanuel, Toronto            | July 25   | Mount Hamilton       |

Jim & Pedro will be returning to Bolivia on August 2, and Diane will join them a little later after getting our daughter Amy settled into university. Meanwhile we have been keeping in touch with our colleagues and partners in Bolivia, and have lots of plans for when we get back!

Thanks for your continued prayers and support.
