

## Introduction Sheet: **Hunger Bites**

*Everything that lives and moves about will be food for you. Just as I gave you the green plants, I now give you everything. (Genesis 9:3)*

Something that is common to all cultures and peoples in the world is food. Food is the most basic necessity to live, yet many people and communities in the world lack access or means to this fundamental ingredient of human life.

Food is treated more and more like a commodity, when it is supposed to be made available to every person on this planet. The commoditization of food is threatening the lives and livelihoods of the most vulnerable.

As we study the Bible together, we will see what God has to say about the importance of food as a gift, and sharing this gift with one another. We will learn about the impact, scope, and causes of hunger, and how we can fight for food security together as the body of Christ.

We will meet other kids from India, Bolivia, Kenya, and Rwanda and hear them share incredible stories of their lives changed through gaining food security with the help of CBM's projects all over the world.

Also, we will learn about the Christian concepts of gratitude, compassion, love, generosity, hospitality and community. Children will be challenged to understand God's desire for all people to be food secure, and how they can be a part of making a difference by taking action!

Be sure to share photos of your fundraisers, activities and times together if you would like to share your ideas with other Baptist churches in the country! E-mail us at **[communications@cbmin.org](mailto:communications@cbmin.org)** with your photos, or feedback.

Enjoy this year's *Kids Care*!
